

PAINT-A-HYDRANT PROGRAM

Application & Permit

Application may be submitted by email, in person, or fax.

mjones@pageaz.gov

Hydrant Location: _____

Address – provide house number & street name

If a corner lot, please provide intersecting street names:

_____ And _____

Description of planned art work: _____

Terms & Conditions:

- The hydrant must have a minimum flow of 900 GPM. (Page Fire Department has this information)
- If at any time the hydrant no longer meets the minimum flow requirements, the Fire Department reserves the right to cancel this Permit and re-paint the hydrant yellow.
- Existing Blue hydrants cannot be repainted.
- The hydrant color and design must be acceptable to the Fire Department. (no obscenities, no pornography, no solid black or solid blue hydrants.)
- The participant must maintain the hydrant's paint job in good condition and a 3-foot clearing around the hydrant must be on-going. (If a hydrant is not maintained, the Fire Department reserves the right to cancel this Permit and re-paint the hydrant yellow.)
- Please send a photo of your completed hydrant to the Fire Department to be used on the map.
- Hydrants will be checked once a year; if your hydrant has not been painted or has not maintained we may contact you and ask if you would still like to participate in this program.
- When the applicant no longer wishes to participate in the program they must notify the Fire Department.

I _____ agree to all terms and conditions.
